Program Description: This level two course builds off the foundations from the level one course. The student will conduct participate in physically demanding scenarios that are designed perform critical thinking, problem solving and decision making. This course will include a scenario requiring concealed movements, position development and data collection. The shooting tables are challenging and considered hard. Standards are not yielded. Expect three challenging days. Night fire occurs in the program.

Registration: Click this link: <https://www.arm-group-llc.com/registration.html>

Ammunition: Bring match grade ammunition. Non-match grade ammo will not hold the groups we are required in the learned outcomes.

Weapons: Student should already know the weapon, optics and have a basic understanding of their gear. Personally/custom built rifles should be checked by professional armors to ensure stock to barrel fits are the correct tolerances. Scopes should be affixed correctly without canting. Zero your rifle prior to attending.

Qualifications: ALL qualifications are difficult. Students will have challenging qualifications courses each day. If a student fails both the primary qualification and re-shoot opportunity, the student receives a certificate of attendance instead of completion. Students will familiarize with targets out greater distances.

Instructors: Instructors assigned to coordinate and work with these programs have a significant background in law enforcement/military and special weapons training. The instructional staff includes personnel from federal law enforcement, military, former state department and municipal law enforcement agencies. All instructors assigned to teach in these programs attend special instructor training programs in the disciplines assigned.

Standards: Complete all training objectives and designated courses of fire.

Learning outcome of the training (what am I getting): The student will be able to engage targets out to 200 yards with a scoped rifle capable of delivering lethal fire during law enforcement operations.

Minimum # Students: 8

Maximum of Students: 16

Firearms: The student will learn the weapon safety rules and abide by the rules at all times. We cannot afford an unsafe student in any class. Safety violations are dealt with swiftly. The student should be able to load, unload, and reload their firearm in a SAFE and CONTROLLED manner. Unless attending a basic weapon program, the student should be familiar with their weapon systems and equipment and possess the basic knowledge to be able to disassemble their firearm for cleaning, maintenance, and problem solving.

Physical Attributes: The student must possess the physical strength and stamina to repetitively manipulate and fire their weapon during prolonged drilling, in all weather conditions. The student must be able to get up and down from a standing, kneeling, and prone position, as well as move forward, backward, and laterally. We do not conduct physical fitness during training programs. That is not our job - that is your job to be fit.

Training: The instructors take the time to guide, mentor and explain the material effectively. They also take the time to analyze and inform the shortcomings of students then make corrections to improve the overall performance of the student. Each student is evaluated and performance increased.

When requested, ARM Group will provide W9, DHS E-Verify and other information when requested.

We reserve the right to discharge students for any reason including medical, safety reasons or failure to comply. Once the class begins, no refunds will be provided.
